WHO WE SERVE

YOUNG ADULTS LIVING WITH AND SURVIVING CANCER

Founded in 2001, First Descents’ mission was to serve young adults impacted by cancer. Since that first whitewater kayaking program, we’ve provided outdoor adventures to thousands of oncology participants who have since built and maintained a thriving community of adventure and peer support.

YOUNG ADULTS LIVING WITH MULTIPLE SCLEROSIS

In 2018, First Descents piloted our first program for young adults impacted by MS. After FD Founder Brad Ludden was recognized in 2016 as a Top 10 CNN Hero, we realized that adventure could be transformative for young adults impacted by other serious health conditions. Now, we have the research and experience to prove it. Since 2018, we’ve continued to develop our programs for those living with MS year after year.

CAREGIVERS

In an effort to better serve young adults, First Descents continues to expand programs to new communities. We know that serious health conditions impact family members and supporters, though these caregivers are often left without resources and community. Since 2013, we’ve offered programs to oncology caregivers. As we continue to expand our MS programs, we plan to provide outdoor adventures to MS caregivers as well.

HEALTHCARE WORKERS

In partnership with the Dunkin Joy in Childhood Foundation, First Descents launched HERO RECHARGE - outdoor adventure programs for frontline healthcare workers in 2020. Initially focused on healthcare workers fighting on the COVID-19 frontlines, First Descents plans to scale our healthcare worker programming to those who serve oncology and MS patients.
Cancer is the leading disease-related cause of death in adolescents and young adults (AYAs).

Multiple Sclerosis is the most common neuroinflammatory disease affecting young adults.

MS, cancer and all other serious health conditions present unique challenges and obstacles to young adults.

Core Programs are available to young adults impacted by cancer and multiple sclerosis, caregivers, and healthcare workers.

Community Adventures are adventure experiences created and facilitated by FD alumni and members of the FD community who wish to continue to adventure on with their new peers.

FD partners with healthcare professionals to improve the emotional and physical health of young adult patients. Whether partners refer patients to our programs, sponsor a program and/or partner in other ways with FD, we are committed to address the unique needs of the young adult community.
HOW TO
GET INVOLVED
First Descents builds partnerships with companies seeking meaningful corporate social responsibility activation.
It's no surprise that digital content is one of the most effective ways to reach, engage and further establish a connection with a targeted audience. At First Descents, we are committed to creating and delivering content that supports young adults impacted by cancer and MS while promoting the Out Living It lifestyle.

With more than 90K young adults being diagnosed with Cancer and MS each year, there is a need and endless opportunities to deliver powerful stories centered around the healing power of adventure, community, and resilience in the face of a diagnosis.

Get Involved :: Collaborate & Co-Creator Content
- Sponsor FD's content series
- Collaborate on digital shorts
- Incorporate brand into content
First Descents believes in the importance of self-care, healing and mindfulness and have created content that introduces and promotes yoga, meditation, and mindfulness to young adults impacted by cancer and MS, as well as frontline healthcare workers and caregivers.

**Mindfulness series**
- A series of mindfulness practices (Movement, Meditation, Moments) designed specifically to address the needs of the FD community.

**Mindfulness Mondays series**
- Monthly livestream community mindfulness with FD’s Mindfulness Lead, Tara O’Donoghue featuring special guests sharing their stories and practices
First Descents believes in the healing properties of healthy food and is committed to providing nutritional education. We partner with health-supportive chefs who are not only eager to share their love of cooking and nutrition but also excited to share the step-by-step process with viewers to make at home.

**First Descents Kitchen LIVE series**
- Live streaming series hosted by FD’s Lead Chef, Mia Lewis and featuring special guests to educate and entertain viewers all while preparing a meal together.

**Out Cooking It series**
- Recorded series of 3-4 minute cooking episodes featuring FD chefs preparing a recipe from the Out Cooking It cookbook.
First Descents’ “Adventure” content features thrilling video that invites the audience in to experience adventure through the eyes and stories of others while motivating, educating and preparing them to seek out their own adventures in the spirit of Out Living It.

**How To Adventure series**
- Hacks, tips & tricks for outdoor adventuring (ex. pack for a day hike, tune your bike, photography)

**Tales from the Trails series**
- Digital shorts highlighting adventures and stories of those Out Living It

**Out Living It LIVE w/First Descents**
